mariyahendriksen
mariyahendriksen
Last updated: January 7, 2023

Education

Mar 2019 – present **University of Amsterdam**, *PhD in Artifical Intelligence*,
Advisors: Maarten de Rijke, Paul Groth

2017 – 2019 **KU Leuven**, *MSc in Artificial Intelligence*, *With Honors*
Thesis: Dialogue Breakdown Detecton in Chatbots
Advisors: Marie-Francine Moens, Artuur Leeuwenberg

2014 – 2015 **University of Nantes**, *Exchange Programme*
Topics: Algorithms and Data Structures, Object-oriented Programming, Information Systems

2012 – 2016 **Novosibirsk State University**, *BSc in Computational Linguistics*, *With Honors*
Thesis: Automatic Detection of Manipulation Tactics in News Articles
Advisors: Mariya Kirillovna Timofeeva, Anna Yakovlevna Leman

Experience

Nov 2022 – Mar 2023 **Amazon Science**, *Applied Research Intern*
Hosts: Emine Yilmaz, Gabriella Kazai

Sep 2018 – Feb 2019 **KU Leuven, Language Intelligence & Information Retrieval Lab**, *Research Intern*
Topic: Dialogue Breakdown Detecton in Chatbots
Host: Marie-Francine Moens

Jul 2018 – Sep 2018 **ETH Zurich, Biomedical Informatics Lab**, *Research Intern*
Topic: Parallel and distributed training of deep mixture of experts for metagenomic DNA classification
Host: Gunnar Rätsch

Jul 2018 – Sep 2018 **Lionbridge Technologies, Inc.**, *Computational Linguist*
Contributed towards an AI writing assistance system

Jul 2018 – Sep 2018 **Diogen**, *Tutor of Discrete Mathematics & Mentor*
Sharing my love for mathematics to children and guiding them throughout the camp sessions

Selected publications and preprints

Full list: Google Scholar

Mariya Hendriksen, Svitlana Vakulenko, Ernst Kuipers, and Maarten de Rijke. Object-centric and scene-centric cross-modal retrieval. In ECIR 2023: 45th European Conference on Information Retrieval. Springer, April 2023.

Karel Veldkamp, **Mariya Hendriksen**, Zoltán Szlávik, and Alexander Keijser. Multimodal representation learning for music video recommendations. Under submission.

Mariya Hendriksen, Viggo Overes, Luka Wong Chung. Unimodal vs. Multimodal Siamese Networks for Outfit Completion. July 2022.

Mariya Hendriksen, Maurits Bleeker, Svitlana Vakulenko, Nanne van Noord, Ernst Kuipers, and Maarten de Rijke. Extending CLIP for Category-to-image Retrieval in E-commerce. In ECIR 2022: 44th European Conference on Information Retrieval. Springer, April 2022.

Mariya Hendriksen. Multimodal Retrieval in E-commerce: from Categories to Images, Text, and Back. In ECIR 2022: 44th European Conference on Information Retrieval. Springer, April 2022.

Goei, Kenneth, **Mariya Hendriksen**, and Maarten de Rijke. Tackling Attribute Fine-grainedness in Cross-modal Fashion Search with Multi-level Features. In Proceedings of the 2021 SIGIR Workshop on eCommerce. July 2021.

Mariya Hendriksen, Ernst Kuiper, Pim Nauts, Sebastian Schelter, and Maarten de Rijke. Analyzing and Predicting Purchase Intent in E-commerce: Anonymous vs. Identified Customers. In Proceedings of the 2020 SIGIR Workshop on eCommerce. July 2020.

Mariya Hendriksen, Fatemeh Sarvi and Maarten de Rijke. High Accuracy Recall Task: AIRLab Entry. In Proceedings of the 2019 SIGIR Workshop on eCommerce. July 2019.

Mariya Hendriksen, Artuur Leeuwenberg, and Marie-Francine Moens. LSTM for Dialogue Breakdown Detection: Exploration of Different Model Types and Word Embeddings. In Proceedings of WOCHAT. April 2019.

Selected awards

2022 SIGIR conference attendance grant.

2022 Women in Data Science Zurich full travel grant.

2018 ETH Zurich Student Summer Research Fellowship: scholarship and full travel grant.

2017 – 2018 Oxford Russia Fund Scholarship.

2016 – 2017 Full-tuition University Scholarship, Higher School of Economics.

2015 – 2016 Excellence Scholarship, Novosibirsk State University.

2012 – 2016 Full-tuition University Scholarship, Novosibirsk State University.

Supervision

2023 **Maurice Schaasberg**, *MSc in Artificial Intelligence*, University of Amsterdam
Topic: Sparse Multimodal Retrieval

2022 **Karel Veldkamp**, *MSc in Data Science*, University of Amsterdam,
Topic: Multimodal Representation Learning for Music Video Recommendations

2022 **Viggo Overes**, *BSc in Computer Science*, University of Amsterdam,
Topic: Multimodal Siamese Networks for Outfit Completion

2022 **Luka Wong Chung**, *BSc in Artificial Intelligence*, University of Amsterdam
Topic: Graph Neural Networks for Outfit Completion

2021 **Christina Stroe**, *MSc in Data Science*, University of Amsterdam,
Topic: Large Language Models and Pattern-exploiting Training for Document Analysis

2021 **Efstathios Charitos**, *MSc in Artificial Intelligence*, University of Amsterdam,
Topic: A New Reddit-Sourced Dataset for Emotion-Aware Artwork Recommendation

2021 **Kenneth Goei**, *MSc in Artificial Intelligence*, University of Amsterdam
Topic: Tackling Attribute Granularity for Cross-modal Fashion Retrieval

2020 **Anne Klaver**, *MSc in Data Science*, University of Amsterdam,
Topic: Addressing the Problem of Class Inbalance for Direct Marketing Response Model

2020 **Derek Heek**, *MSc in Data Science*, University of Amsterdam,
Topic: Predicting Email Opening Intent for Mailing Lists

Teaching

2020 – 2021 **Deep Learning**, *MSc Artificial Intelligence*, University of Amsterdam

2021 – 2022 **Deep Learning 1**, *MSc Artificial Intelligence*, University of Amsterdam

Extracurricular activities

2022 **Contributed towards "Outlook Digital Economy" report**
Contributed towards research into the impact of digital technologies on the Dutch economy by 2030

2022 **Interview for the International Day of Women and Girls in Science**
Gave an interview for the "Women & Girls in Science" edition of a newsletter at Ahold Delhaize.

2019 – present **Inclusive AI**, *Mentor*
Mentoring MSc in AI student who identify themselves as minority

2017 – 2019 **Artificial Intelligence Advisory Committee, KU Leuven**, *Board Member*
Worked together with the professors and other enthusiastic students on evaluating the MSc programme curriculum

2016 – 2017 **ESN HSE Moscow**, *Buddy*
I was helping international students to adapt to living and studying in Russia

2016 – 2017 **Let's bike it**, *Organizer*
Let's bike it is an initiative directed towards encouraging people to use bicycle as a primary way of transport

Technical skills

Programming Languages: Python, Java, Matlab, SQL, Prolog, LaTeX

Frameworks & Tools: PyTorch, TensorFlow, Numpy, Scipy, Sklearn,BigQuery

Languages

Native: Russian

Full professional proficiency: English

Limited working proficiency: Dutch, French, Ukrainian

Community service

PC member: SIGIR eCommerce 2022-20

Reviewing: ECIR'23, CIKM'22, SIGIR, NeurIPS'20

Volunteer: NeurIPS'20, ICML 2020, ICLR 2020, SIGIR 2019

Additional education

2020 **Max Planck Institute for Intelligent Systems**, *Machine Learning Summer School*

2019 **Ecole Polytechnique**, *Data Science Summer School*
